RFP for GIS Services

The Hoh Tribe is looking for an experienced GIS professional to work not more than 10 hour per week performing geospatial data management and collection needs throughout the organization as well as to work on grant deliverables pertaining to GIS. Each department has it's own individual GIS needs and the GIS Professional must have the skills to successfully work in an environment where multiple personality types are present. Remote work is allowed but occasional onsite visits will be necessary and travel to the site will not be included in the contract. A report will be required with each invoice describing the work that was accomplished.

The following skill set is required:

Experience:

- Must have experience working in a tribal environment
- Must have a diverse background with ability to work on datasets that pertain, but are not limited, to emergency response, natural resources, forest practice applications, SEPA, NEPA, EINs, EANs, TANF, transportation, assessor systems, public works, invasives, water quality and cultural resources.
- Must have experience working in a server based environment

Education:

- BA in Geography emphasis on GIS
- Geographic Information Systems Professional License.

Proficiency in the following Softwares:

- Arc GIS for Server
- Arc GIS Online
- Collector
- Survey 123
- ArcMap
- ArcPro
- Pathfinder
- DNR Garmin
- Python
- Raster Analysis

- JSON
- Microsoft Suite
- Access

Please send a cover letter, resume' and a bid proposal by email or USPS to
