

## Hoh Tribe 2026 Long Range Transportation Plan

### The Community Review Period is Open!

The Hoh Tribe has drafted a new 5-year Long Range Transportation Plan (LRTP). The LRTP is a document that identifies potential future Tribal transportation needs (Projects and Equipment). The Bureau of Indian Affairs will review the LRTP, allowing LRTP-identified projects to be placed on the BIA's Tribal Transportation Improvement Database (TTIP). This will fully authorize the Tribe to use Tribal Transportation funding for design, construction, and maintenance of our roads.

In person comments welcome on March 27<sup>th</sup>, in the Tribal Council Chambers 1 pm to 2 pm.

The Plan is open to review by the community for 30 days, ending on April 10<sup>th</sup>. If you have any comments, please email them to:
